EQUALITY EDUCATION

WOMEN-OWNED SOCIAL & EMOTIONAL LEARNING COMPANY

DYNAMIC DUO CREATE COMPANY WITH THE MISSION OF TEACHING SOCIAL AND EMOTIONAL INTELLIGENCE TO IGNITE PERSONAL GREATNESS

Co-founders, Arianna Rose & Soleil Laurent, both believe that true greatness lies within every individual, waiting to be awakened through social and emotional intelligence.

Driven by this shared vision, they named their venture "Equality Education" to emphasize their commitment to inclusivity and equal access to emotional learning opportunities for all. The name also reflects their belief that every individual, irrespective of their background, deserved the chance to shine brightly in their own way.

Their programs are designed to create safe spaces where individuals can explore their emotions, develop empathy, confidence and self-efficacy, and build meaningful connections with others. To accomplish this, their teachings feature an interactive & multi-faceted approach.

Equality Education offers workshops to non-profits, schools, community centers, and corporate organizations, catering to individuals of all ages. Their empowering products and curriculum enable people from diverse backgrounds to access their teachings and foster personal growth at their own pace. Equality Education's workshops and programs have garnered widespread acclaim, touching the lives of thousands of individuals who attested to the transformative power of social-emotional learning. Graduates speak of newfound confidence, improved relationships, and a sense of fulfillment that had eluded them before.

Their journey serves as an inspiring reminder that when empowered people come together with a shared purpose, they have the ability to create a brighter, more compassionate world for us all. Their SEL work has led to give-back partnerships with nonprofits, book donations for underserved communities, becoming Department of Education vendors, and working with influential brands. As the company continues to expand into other countries around the world, they look forward to continuing their mission of 'helping people discover their greatness'!

CURRICULUM

Equality Education's virtual curriculum utilizes an engaging blend of interactive prompts & activities, multimedia content, and guided self-reflection exercises to aid learners in embarking on a transformative journey of self-awareness, self-reflection, and personal growth. The program features 25 units which are broken down into a weekly format with daily lesson plans.

Participants are encouraged to explore their thoughts, feelings & actions, understand the perspectives of others, and develop healthy coping strategies to navigate life's challenges.

As learners progress through the daily activities and prompts, they encounter real-world scenarios, hands-on practice exercises, and collaborative live sessions that foster a sense of belonging and support within a diverse and inclusive virtual community.

This curriculum is available in a monthly format for individual learners, educators, and licensing for educational or corporate institutions. Participants not only acquire vital life skills but also cultivate a deeper understanding of themselves and their relationships, promoting the formation of lifelong healthy habits and empowered personal development.
